499 Filer ID 811873

Having called and emailed USAC, I am writing you in regards to a \$100.00 late fee for the 499 A De minimis filing of my very small payphone operation.

I made several attempts to file on line using the instructions sent prior to the due date of the 499A. I was not able to access it on line and had to email the administrator as well as call. At that time the person I talked to said it would be better to mail the form to be because we were not able to get the on line filing to work.

I am asking for relief of the \$100.00 because it was not my fault that the online services was not accessible to me as was posted.

Enclosed are copies of some of the correspondence via email.

Jack Dunn

### **FCC 499 Notice: The May 2007-499Q Is Due May 1, 2007**

499 forms and instructions can be found on USAC's website at <http://www.universalservice.org/fund-administration/forms/>

**IMPORTANT CORRECT 499Q FORM!!!!!! PLEASE MAKE SURE THAT YOU USE THE 499Q FORM THAT HAS "FEBRUARY 2007" IN THE LOWER RIGHT HAND CORNER. ANY OUT OF DATE VERSIONS OF THE 499Q FORM WILL NOT BE PROCESSED.**

#### **New Information**

**FCC Report and Order and Notice of Proposed Rulemaking – June 27, 2006**

#### **Cellular and Broadband PCS Telecommunications Providers**

- The FCC has raised the wireless safe harbor from 28.5% to 37.1%.
- All wireless providers that use traffic studies (rather than use the safe harbor) to report interstate revenues must submit those traffic studies to USAC with their quarterly filings. Traffic studies can be emailed to USAC at [form499@usac.org](mailto:form499@usac.org) (please include your filer id in the subject line of the email). If you are unable to email the traffic study, you may send it to Form 499 Data Collection Agent Attn: USAC Customer Service 2000 L Street Suite 200 Washington, DC 20036.

#### **Interconnected VoIP Services**

- Carriers supplying telecommunications services to interconnected VoIP providers (who are direct contributors to Universal Support Mechanisms) can now exclude the revenues derived therefrom in their own contribution bases forecasted for 2Q07 on lines 119 and 120.
- The FCC now requires providers of "interconnected VoIP services," as defined by the Commission, to report and contribute to the federal USF under the existing contribution methodology.
- The FCC has established a safe harbor of 64.9% for interconnected VoIP providers. Any company wishing to use traffic studies to report actual interstate revenues must have approval from the FCC first.

#### **FCC Broadband Order**

- On September 23, 2005, the Federal Communications Commission released an order that, among other things, classified wireline broadband Internet access service as an information service.<sup>[1]</sup> Paragraph 113 of the *Wireline Broadband Order* sets forth the contribution obligations for facilities-based providers of wireline broadband Internet

I have tried to use your links, they either do not work or require a password to access. I have written you but still have been unable to access a form 499-A. I did not receive one via mail only notification via e-mail. Please help me access this form so I can fill it out.
